Educational Qualifications

2007	Iranian National Board of Radiation oncology (First-Ranked) Ministry of Health and Medical Education, Tehran, Iran
Postgraduate	
2007	Radiation Oncology Mashhad University of Medical Sciences Mashhad, Iran
Undergraduate	
2002	Doctor of Medicine (GP) Faculty of Medicine Mashhad University of Medical Sciences Mashhad, Iran
Other Study Course	Research Methodology Workshop , Mashhad University of Medical Sciences, Mashhad, Iran
	E-learning in Medical Education , Mashhad Iran
	Evidence Based Medicine Workshop , Mashhad Iran
	Randomized Clinical Trial Workshop , Eli Lilly Pharmaceutical Company, Mashhad, Iran
	Human Behavior , Eli Lilly Pharmaceutical Company, Dubai
	Workshop on MCQ Test Design for Medical Students
	Workshop on Objective Structured Clinical Examination
Sentinel Lymph Node Biopsy Workshop Mashhad University of Medical Sciences	

Honors & Awards

2007	First-Ranked on the National Board Examination for Radiation Oncology Ministry of Health and Medical Education, Tehran, Iran
-------------	---

Academic Employment

2010 - Present	Vice President of the Education Development Center (EDC) Mashhad University of Medical Sciences Mashhad, Iran
2008 – Present	Adjuvant Assistant Professor Department of Modern Sciences and Technologies Faculty of Medicine Mashhad University of Medical Sciences Mashhad, Iran
2007 – Present	Assistant Professor of Radiation Oncology Mashhad University of Medical Sciences Imam Reza University Hospital (Oncology Department) Omid Oncology University Hospital Mashhad, Iran

Association

2008- Present	Member of American Society of Clinical Oncology (ASCO) ASCO Member ID: 86724
2007-Present	Member of European Society for Medical Oncology (ESMO) ESMO Member ID:7316
2007- Present	Member of Iranian Cancer Society

Memberships

2008- Present	Member of American Society of Clinical Oncology (ASCO) ASCO Member ID: 86724
2007-Present	Member of European Society for Medical Oncology (ESMO) ESMO Member ID:7316
2007- Present	Member of Iranian Cancer Society
2011	Committee on University Ranking (RAD) Mashhad University of Medical Sciences
2011	Committe on EFQM Mashhad University of Medical Sciences
2010 – Present	Editorial board of: Horizons of Medical Education Development Mashhad University of Medical Sciences Mashhad, Iran
2007 - Present	Research Consultant Mashhad University of Medical Sciences Mashhad, Iran

Thesis

- Prevalence evaluation of occult metastases in axillary sentinel lymph nodes of breast carcinoma
- Evaluation of effective factors for lymphedema after primary treatment of invasive breast carcinoma
- Evaluation of psychological distress in patients with cancer
- Evaluation of survival time after whole brain radiotherapy in patients with brain metastases referred toomid hospital
- Evaluation of relationship between pretreatment thrombocytosis and anemia with prognosis of patients with esophageal cancer
- Incidence of chemotherapy induced amenorrhea in patients with breast carcinoma age 45 years and younger after adjuvant anthracycline and taxane

Research Interests

- Gastrointestinal Cancer
- Breast Cancer
- Head & neck Cancer
- Palliative Care & Quality of life
- Medical Education

Research projects (Scientific Projects/ Clinical Trials):

Completed

- Her-2/neu expression in resectable gastric cancer and its relationship with histopathologic subtype, grade, and stage
- Prevalence evaluation of occult metastases in axillary sentinel lymph nodes of breast carcinoma
- Evaluation of effective factors for lymphedema after primary treatment of invasive breast carcinoma
- Evaluation of psychological distress in patients with cancer
- Evaluation of survival time after whole brain radiotherapy in patients with brain metastases referred to Omid Hospital
- Changes in daily activities of cancer patients after diagnosis: how do canadian and iranian patients perceive the change?
- Evaluation of relationship between pretreatment thrombocytosis and anemia with prognosis of patients with esophageal cancer
- Incidence of chemotherapy induced amenorrhea in patients with breast carcinoma age 45 years and younger after adjuvant anthracycline and taxane

Ongoing

- Risk factors assessment for predicting mucositis in patients with head and neck carcinoma.
- Study of HER-2/neu gene overexpression in Squamous cell carcinoma of esophagus and its Relationship with Clinicopathologic factors
- Evaluation of prognostic significant of the metastatic lymph node ratio in gastric cancer patients
- Evaluation of frequency of drug interactions among cancer patients
- Evaluation of frequency of Adjuvant chemotherapy induced anemia in breast cancer patients

Presentations

Date	Location	Title
● 2007	<i>18st Annual Head & neck cancers Congress</i> , Cancer Institute of Iran , Tehran, Iran	Treatment results in squamous cell carcinoma of tongue
● 2010	International Congress on Supportive and palliative care in cancer, Tehran	Changes In Daily Activities Of Cancer Patients After Diagnosis: How Do Canadian And Iranian Patients Perceive The Change?
● 2009	Congress on Supportive and palliative care in cancer, Tehran	Study On The Prevalence Of Post-Treatment Chronic Pain In Breast Cancer Patients And Interference Of Pain With Life Functions
● 2008	Congress on Supportive and palliative care in cancer, Tehran	Truth-telling to Cancer Patients from Relatives' Point of View: A Multi-centre Study in Iran.
● 2010	Iranian Association of Surgeons, Annual Congress in Tehran	Update on Esophageal cancer
